Auctioneer's Note: Mr. Laveing has been operating a light metal recycling yard on this property for (10) years. This area of Forest County has no zoning and does not require permits for any use with the exception of building permits. A small DEP permitted sandstone mine exists on the rear of the property. It has been reclaimed and permit closed but can be reactivated. This property would make a good location for recycling operations, contractors, loggers, or trucking yard.
